GOVERNMENT CAPABILITIES STATEMENT

Commercial and Industrial Electrical Contractors serving the Space Coast of Florida for over 50 years.

Boys Electrical Contractors has been in business since 1965. From our early days contributing to the rise of the KSC and CCAF launch complexes to our recent involvement at Northrop Grumman, Embraer and PAFB, we have grown with the Space Coast and are proud to provide a quality product and the highest caliber electricians.

- Melbourne Airport Embraer Assembly Building, Paint Booth and Delivery Center // \$5.5M
